

## ZEBULON INNOVATIONS APPOINTS NEW CNG & LPG INSTALLER AND DEALER IN MAHAFFEY, PA

- Installer is a multi-state expert in the high growth CNG Marcellus and Utica Shale region -

DES MOINES, IA — November 5, 2014 — Zebulon Innovations, the Exclusive North American Distributor of Zavoli compressed natural gas (CNG) and liquid petroleum gas (LPG) conversion systems today announced the appointment of Mahaffey-based Alternative Fuel Solutions of PA as an authorized dealer/installer of Zavoli's bi-fuel CNG and LPG conversion systems.

Zebulon Innovations also said that Alternative Fuel Solutions of PA has already purchased inventory of the Zavoli prestigious Italian CNG conversion kits as well as a sizable CNG tank order to fulfill their fleet client commitments in the Marcellus and Utica Shale region.

"The addition of Alternative Fuel Solutions of PA provides Zebulon a high quality, aggressive installer that has an outstanding reputation as the go to expert in the gaseous vehicle fuel market. The Marcellus and Utica Shale region, which they service, is exploding due to the availability of natural gas in the area and the growth of CNG infrastructure. We applaud the manner in which Alternative Fuel Solutions of PA aggressively promotes CNG and LPG in their region and they will be an outstanding addition to expand the use of Zavoli's high-quality, low cost conversion kits that calibrate with ease" said Lee Nelson, Chief Technology Officer of Zebulon Innovations.

Zebulon Innovations is accelerating its conversion center partnerships throughout the United States and Canada since receiving numerous EPA approvals for Zavoli's conversion kit technology for the widely operated line of vehicle types. The company expects to continue obtaining new EPA approvals for additional engine groups to address the anticipated increasing demand from fleets that operate desire to operate on either CNG or LPG.
