

ZEBULON INNOVATIONS APPOINTS NEW CNG & LPG INSTALLER AND DEALER IN ATLANTA, GEORGIA

- Installer Brings Immediate Fleet of 50 Vehicles with Hundreds More Expected -

DES MOINES, IA — November 20, 2014 — Zebulon Innovations, the Exclusive North American Distributor of Zavoli compressed natural gas (CNG) and liquid propane gas (LPG) conversion systems today announced the appointment of greater Atlanta-based Allan Vigil Ford as an authorized dealer/installer of Zavoli's bi-fuel CNG and LPG conversion systems.

Zebulon Innovations also said that Allan Vigil Ford will purchase CNG and LPG conversion kits for some of the vehicles it sells at its dealership, as well as perform engine conversions for customers that utilize Allan Vigil Ford's affiliated fleet maintenance operation. The initial customer fleet includes 50 vehicles that will be converted to operate on LPG with installs commencing in the 4th quarter of 2014.

"The addition of Allan Vigil Ford to our dealer/installer network, and as our first car dealership, provides a two-pronged growth opportunity, with Allan Vigil Ford being an end-user and also a sales and installation partner in a region with a great deal of pent-up demand for CNG and LPG conversion kits. We applaud the decision by Allan Vigil Ford to aggressively enter the CNG and LPG conversion kit market to retrofit U.S. automobiles to operate on North America's cleaner burning, lower cost, domestic fuel" said Lee Nelson, Chief Technical Officer of Zebulon Innovations.

Zebulon Innovations is accelerating its conversion dealer/installer network throughout the United States and Canada since receiving numerous EPA approvals for Zavoli's conversion kit technology. The company expects to obtain EPA approvals for additional engine groups to address the anticipated increasing demand from fleets that desire to operate on either CNG or LPG.

About Allan Vigil Ford

Allan Vigil, a premier vehicle dealership in greater Atlanta, currently operates three new and used car dealerships in Fayetteville and Morrow, Georgia. In addition to Allan Vigil Ford's broad selection of new and certified used vehicles, it is a customer service and innovator. The dealership's expertise with compressed natural gas and liquid petroleum gas conversion technology are unique to its industry peers. Allan Vigil Ford strives to make each customer interaction a superior experience – for the life of the customer's vehicle.
