

ZEBULON INNOVATIONS APPOINTS NEW CNG & LPG INSTALLER AND DEALER IN SALT LAKE CITY, UT

- It doesn't take a Rocket Scientist to see Ares Transportation Technologies is a CNG market leader in the state of Utah -

DES MOINES, IA — December 3, 2014 — Zebulon Innovations, the Exclusive North American Distributor of Zavoli compressed natural gas (CNG) and liquid petroleum gas (LPG) conversion systems today announced the appointment of Salt Lake City-based Ares Transportation Technologies as an authorized dealer/installer of Zavoli's bi-fuel CNG and LPG conversion systems.

Zebulon Innovations also said that Ares Transportation Technologies is a leader in CNG expertise in Utah and the fast-growing Salt Lake City market.

"The addition of Ares Transportation Technologies provides Zebulon a high quality, aggressive installer that has an outstanding reputation as the go to expert in the gaseous vehicle fuel market. Ares Transportation Technologies does it right – they are all about high quality installations and stress the importance of using EPA Approved and Certified conversion kits. We applaud the manner in which Ares Transportation Technologies promotes CNG and LPG in their region and they will be an outstanding addition to expand the use of Zavoli's high-quality, low cost conversion systems that calibrate with ease" said Lee Nelson, Chief Technology Officer of Zebulon Innovations.

Zebulon Innovations is accelerating its conversion center partnerships throughout the United States and Canada since receiving numerous EPA approvals for Zavoli's conversion kit technology for the widely operated line of vehicle types. The company expects to continue obtaining new EPA approvals for additional engine groups to address the anticipated increasing demand from fleets that operate desire to operate their fleets on either CNG or LPG.

About Ares Transportation Technologies

Alternative Fuel Solutions of PA is a woman-owned business enterprise. For years they have been catering to clients in the Marcellus and Utica Shale region with expert service. The company has completed hundreds of conversions and retrofits for on and off-road engines. Alternative Fuel Solutions of PA is fully licensed, insured, and qualified to meet any and all kinds of alternative fuel project needs. The company's CSA certified technicians convert OEM and after-market (IUL/OUL) vehicles to run seamlessly on CNG (Compressed Natural Gas) and LP (Liquid Propane) without voiding the factory warranty. We only utilize **EPA Certified** CNG and LP systems for new gasoline vehicles. For more information about Ares Travel Technologies, you may reference www.driveonnaturalgas.com.

Zebulon Innovations

Zebulon Innovations was created by U.S. entrepreneurs to identify the world's best CNG and LPG products and introduce them to the North American market. Zebulon Innovations provides a full-scale line-up of CNG and LPG solutions, including Zavoli CNG Conversion Kits, CNG and LPG tanks, a network of world-class ASE Certified installers and CNG refueling equipment including Bauer compressors, BRC Fuelmaker compressors and CUBOGAS CNG refueling stations.
