

ZEBULON INNOVATIONS APPOINTS NEW CNG & LPG INSTALLER AND DEALER IN LINCOLN, NEBRASKA

- Installer converts fleets to CNG in the fast growing state of Nebraska -

DES MOINES, IA — February 1, 2014 — Zebulon Innovations, the Exclusive North American Distributor of Zavoli compressed natural gas (CNG) and liquid petroleum gas (LPG) conversion systems today announced the appointment of Lincoln, Nebraska-based Century Automotive Repair & Towing as an authorized installation center of Zavoli's bi-fuel CNG and LPG conversion systems.

Zebulon Innovations also said that Century Automotive Repair & Towing has been converting new vehicles using IMPCO Technologies' CNG Conversion Kits. IMPCO is a sister company of Zavoli and the companies share a number of components which makes adding Century Automotive Repair & Towing to the Zebulon dealer/installer an easy decision.

"The addition of Century Automotive Repair & Towing, as one of our Nebraska-based dealer/installers provides Zebulon a sales and installation partner in a region with a proven expertise with CNG conversions and allows us to reach fleet customers and individual consumers interested in converting their vehicles and realizing the benefits of CNG. We applaud the decision by Century Automotive Repair & Towing to aggressively enter the CNG and LPG conversion kit market to retrofit U.S. automobiles to operate on North America's cleaner burning, lower cost, domestic fuel" said Lee Nelson, Chief Technology Officer of Zebulon Innovations.

Zebulon Innovations is accelerating its conversion dealer/installer network throughout the United States and Canada since receiving numerous EPA approvals for Zavoli's conversion kit technology for the widely operated line of vehicle types. The company expects to obtain EPA approval for additional engine groups to address the anticipated increasing demand from fleets that desire to operate on either CNG or LPG.
