

ZEBULON INNOVATIONS APPOINTS NEW CNG & LPG INSTALLER AND DEALER IN HOUSTON, TEXAS

- Installer converts CNG Vehicles and Builds CNG Stations in Houston -

DES MOINES, IA — February 2, 2014 — Zebulon Innovations, the Exclusive North American Distributor of Zavoli compressed natural gas (CNG) and liquid petroleum gas (LPG) conversion systems today announced the appointment of Houston-based Capital Ingenuity as a dealer/installer center of Zavoli's bi-fuel CNG and LPG conversion systems.

"The addition of Capital Ingenuity provides a company that is deeply involved in the benefits of CNG for the end consumer. Capital Ingenuity not only provides high quality vehicle conversions, but also builds and operates CNG stations. They are all in as it relates to CNG! "We applaud the decision by Capital Ingenuity to aggressively enter the CNG conversion kit market to retrofit U.S. automobiles to operate on North America's cleaner burning, lower cost, domestic fuel" said Lee Nelson, Chief Technology Officer of Zebulon Innovations.

Zebulon Innovations is accelerating its dealer/installer network throughout the United States and Canada since receiving numerous EPA approvals for Zavoli's conversion kit technology for a widely operated line of vehicle types. The company expects to obtain EPA approval for additional engine groups to address the anticipated increasing demand from fleets that desire to operate on either CNG or LPG.

About Capital Ingenuity

Capital Ingenuity, LLC is involved in multiple facets of the CNG industry including, CNG bi-fuel and dedicated vehicle conversions, CNG vehicle sales, science and engineering and convenience stores which sell both CNG and LPG to the public. Capital CNG is unique from its competition in that it offers options to both convert and fuel vehicles which operate using natural gas at the same location. In addition to offering customers a Natural Gas filling option; its properties also offer dispensers for gasoline, diesel, as well as feature a clean and friendly convenient store. Capital's bi-fuel and dedicated vehicle conversion and fueling centers are an all in one stop for anyone using natural gas fuel. Capital aims to meet the needs of natural gas users while promoting the benefits of converting current gasoline vehicles to alternative fuels.
