

## ZEBULON INNOVATIONS APPOINTS NEW CNG & LPG INSTALLER AND DEALER IN Houston, Texas

- Installer is a leader with expertise with a wide range of *new and in-service* vehicles from Ford and GM to Class 8 Tractor engines from Cummins and Detroit Diesel and Caterpillar -

DES MOINES, IA — February 1, 2014 — Zebulon Innovations, the Exclusive North American Distributor of Zavoli compressed natural gas (CNG) and liquid petroleum gas (LPG) conversion systems today announced the appointment of Houston-based Nat G® CNG Solutions as an authorized dealer/installer of Zavoli's bi-fuel CNG and LPG conversion systems.

"The addition of Nat G® CNG Solutions, as one of our Texas-based dealer/installers provides Zebulon a sales and installation partner in a region with a proven expertise with CNG conversions and allows us to reach fleet customers and individual consumers interested in converting their vehicles and realizing the benefits of CNG. Nat G® CNG Solutions is Texas' and Louisiana's leading CNG company. With two conversion facilities in Houston and San Antonio plus a sales and service arm in Shreveport, LA they have over 20,000 square feet under roof. We applaud the decision by Nat G® CNG Solutions to aggressively enter the CNG and LPG conversion kit market to retrofit U.S. automobiles to operate on North America's cleaner burning, lower cost, domestic fuel" said Lee Nelson, Chief Technology Officer of Zebulon Innovations.

Zebulon Innovations is accelerating its conversion dealer/installer network throughout the United States and Canada since receiving numerous EPA approvals for Zavoli's conversion kit technology for the widely operated line of vehicle types. The company expects to obtain EPA approval for additional engine groups to address the anticipated increasing demand from fleets that desire to operate on either CNG or LPG.
