- Installer is a CNG leader with expertise in both CNG vehicle conversions and compression equipment -

DES MOINES, IA — December 20, 2013 — Zebulon Innovations, the Exclusive North American Distributor of Zavoli compressed natural gas (CNG) and liquid petroleum gas (LPG) conversion systems today announced the appointment of Pell City, Alabama-based Phoenix Energy as an authorized dealer/installer of Zavoli's bi-fuel CNG and LPG conversion systems.

"The addition of Phoenix Energy, as one of our Southeastern-based dealer/installers provides Zebulon a sales and installation partner in a region with a proven expertise with CNG conversions and allows us to reach fleet customers and individual consumers interested in converting their vehicles and realizing the benefits of CNG. We applaud the decision by Phoenix Energy to aggressively enter the CNG and LPG conversion kit market to retrofit U.S. automobiles to operate on North America's cleaner burning, lower cost, domestic fuel" said Lee Nelson, Chief Technology Officer of Zebulon Innovations.

Zebulon Innovations is accelerating its conversion dealer/installer network throughout the United States and Canada since receiving numerous EPA approvals for Zavoli's conversion kit technology for the widely operated line of vehicle types. The company expects to obtain EPA approval for additional engine groups to address the anticipated increasing demand from fleets that desire to operate on either CNG or LPG.
